Summary of Experience

As a seasoned Drupal developer with over six years of experience, I specialize in full-stack development using MVC frameworks. My career includes significant open-source contributions and expertise in multiple industry domains. I am adept at implementing web services (REST) for mobile and web clients, ensuring seamless integration and functionality. I excel in effective communication and collaboration with stakeholders such as Business Analysts, UI Designers, and Developers, contributing to successful project outcomes.

My problem-solving skills enable me to provide insights that lead to quicker issue resolutions. My diverse skill set in full-stack development, collaboration, and problem-solving makes me a valuable and adaptable team member in any development environment.

Profile Summary

- 6+ Years of web development experience in PHP, Drupal versions 6, 7, 8, 9 and 10, ReactJs, Mysql, Drupal website migration, Multilingual and Multi Site Configuration etc.
- Experience in implementing web services (REST APIs) for both mobile and web clients.
- Experience in creating the technical design of various clients to meet the requirements.
- Effective delegations of tasks to resources.
- Expertise in Drupal Site-Building and Custom development using modules, themes, views, panels, layout builders, blocks, taxonomies etc.
- Experience of deploying websites on various hosting environments such as Pantheon, AWS, AZURE, GoDaddy and Hostgator.
- Experience in various SSO integrations like OKTA, LDAP, Oauth 2, SAML2, and Shibboleth.
- Experienced in integrating with enterprise IDPs for SSO, 2FA/MFA, mTLS.
- Experience in version control tools such as GitHub, gitlab and bitbucket.
- Experience in Drupal development tools such as Drush, Composer, Docker, Lando etc.
- A regular contributor to the Drupal community. Highlighting announcements_feed module in Drupal 10/11 and Drupal 7 core.

кеу Functional Areas

Accomplished Projects

- **APPORTO– Drupal Developer**
  https://www.apporto.com/
  (Drupal 7, PHP, AngularJS, jQuery, Mysql, AWS, AZURE)
  A cloud virtual desktops provider which targets colleges and universities to provide SAAS and DAAS.

- **IIT Palakkad - Drupal Developer**
  https://www.iitpkd.ac.in/
  (Drupal 8, 9, PHP, Javascript, Mysql, SASS)
  A portal of Indian institute of technology Palakkad. It has various portals separated for PG Admissions, Faculty, Students, Research etc.

- **Arizona Strategic Enterprise Technology (ASET) Distribution - Sr. Drupal Developer**
  https://aset.az.gov/
  (Latest of Drupal 9, PHP, Javascript, Mysql, SASS, Pantheon)
  It manages all the Arizona state agencies. It was running on Drupal 7 distribution and this project is to upgrade a Distribution in Drupal 9 with all custom requirements.

- **Arizona Strategic Enterprise Technology (ASET) Migration–Drupal Technical Lead**
  (Drupal 9, PHP, Javascript, Mysql, SASS, Pantheon)
  Migration of all Arizona state agency websites from Drupal 7 to Drupal 9. In this migration, all contents, users, roles, blocks, modules, and other components/entities from Drupal 7 websites migrated over the new distribution in Drupal 9.

- **Iteris - Sr. Drupal Developer**
  https://www.iteris.com/
  (Drupal 9, PHP, Javascript, Mysql, SASS, Pantheon)
  A portal of Indian institute of technology Palakkad. It has various portals separated for PG Admissions, Faculty, Students, Research etc.

- **Government of Jamaica Open Data Portal - Drupal Tech Lead**
  (An upgraded version of https://data.gov.jm)
  (DKAN, Drupal 10, React JS, MySql, MariaDB and PostgreSQL, RedHat, PHP, SASS)
  This project, involving public sector agencies, called for building a Drupal DKAN distribution and migrating contents from the existing Open Data Portal.

● **DSSE - Drupal Tech Lead**
(**https://www.dsse.iitb.ac.in/**)
(Drupal 9, PHP, Javascript, Mysql, SASS, Linux & Apache)
DSSE (Desai Sethi School of Entrepreneurship) is a department of IIT Bombay which
provides training on Entrepreneurship and is responsible for many startups in India.

● **IIT Bombay Main Website - Drupal Tech Lead**
(**https://www.iitb.ac.in/**)
(Drupal 7, Drupal 9, Drupal 10, PHP, Javascript, Mysql,
SASS, Apache, Linux, Kubernetes, Lagoon,)
It is the official main website of Indian institute of technology, Bombay. It was running on
Drupal 7 version so it now migrates over Drupal 9.

And Many More...
